

PSYCHOLOGY DEPARTMENT SUBJECT POOL APPLICATION (Fall 2019-Summer 2020)

Date: 2/26/20

IRB or OHRPP # (attach copy of approval letter): 20-000295 IRB/OHRPP expiration date: NA

Faculty Sponsor (P.I.): Dr. Bridget Callaghan Department Affiliation: Psychology
(Specify the nature of affiliation with Psychology Department, e.g., primary, split, joint. If split appointment, specify the % appointment in Psychology). *Note: Joint appointment with Psychology Department is **not** sufficient for eligibility. Eligibility is limited to PIs with primary appointment in Psychology or Linguistics or a 25% split appointment in Psychology.**

Researcher: Emily Towner
(Once approved, you will be e-mailed a login & password for the SONA experiment scheduling system at ucla.sona-systems.com)

Researcher's position (undergrad, grad student, postdoc, faculty) and departmental affiliation or major (if undergrad).
Staff Research Associate

Researcher's E-mail Address: emilytowner@ucla.edu

Location of Study: 5581 Pritzker Hall (and online)
(List **all** rooms to be used. If an online study, please indicate here)

Eligibility Requirements: 18 and older, no uncorrectable problem with vision or hearing
(e.g., Left-handed only. Note: if none, then leave this line blank)

Participation Credit (based on duration of study, in hourly increments): 3
(List 1 credit for experiments lasting 1 hr or less, 2 credits for experiments lasting more than 1 hr but not more than 2 hrs, etc.)
Note: you may provide course credit only. No monetary compensation is allowed. The duration of study on the SONA system should match the number of hours/credit shown here, in increment of hours.

Number of Sessions Per Subject 2
(For studies offering more than one credit, please list how many sessions the study involves per subject.)

Title of Experiment: Physiological reactivity to emotional stimuli in emerging adults
*NOTE: The Title above must **exactly** match the title that the IRB/OHRPP has approved and what is posted on SONA.*

Description of Experiment: (List concrete tasks involved. **Do not** list actual running time nor advertise your experiments by using words such as "Fun", "Easy", "Only 15 minutes", etc. If your study is online, please **do not** indicate that in description. The description must also **exactly** match what is posted on SONA.)

The study involves a screening to determine eligibility, a session where you complete questionnaires about yourself, and a visit to our lab where we will place stickers on your stomach, chest, and fingers to measure stomach contractions, heart rate, and sweat response while you watch three rounds of twenty-minute movie clips.

Type of research (please check):

☒ Faculty Research
☐ Dissertation

☐ 191 (Dept. Honors) ☐ 251
☐ 199 ☐ 596

☐ Other, please specify: _____

Number of **Subjects** needed this year: 150 **Hours** needed this year: 300 (not to exceed 300 hours)
